Asia-Interns.com is an institution headquartered in Singapore which is the market leader for professional internship placements in Asia. We place qualified students and graduates for internships for assignments from 2-12 months throughout the year in Singapore, China, Japan and India.

Asia will soon become the world's most powerful economic region. Growth in many Asian economies is currently reaching unprecedented levels. Gaining real work experience through internships in these economies represents great added value and a competitive advantage in empowering one's career.

Doing an internship through Asia-Interns.com is a truly enriching experience. You will be able to enhance your professional skills in leading firms, get to know fascinating new cultures, and have a lot of fun while doing it. We run some of the largest international intern communities in these countries, e.g. the Singapore Interns.

Leading employers in Singapore, China, Japan and India recruit with us

With over 10,000 profiles in our database, Asia-Interns.com is the leader for internships in Asia

TOP Reasons for doing your Internship with us...

- Affordable flat fee for a successful placement. If we are not successful in placing you, there are no costs.
- Highly transparent placement process: We only place you in positions and companies you approve.
- Most of our internships pay a monthly stipend. We help in arranging flight, visa and accommodation.
- Possibility of combining your internship with language courses.
