

For Employers

You thought about employing an overseas intern in your company? Congratulations, with Asia-Interns.com Pte Ltd you found the leading resource for students seeking an internship in Asia. We have already helped a multitude of employers in Singapore, China and India in recruiting high-quality interns for their company.

Asia-Interns.com is an institution based in Germany which recruits qualified university students of all disciplines globally for internships with companies in Asia (China, Singapore and India). We cooperate with leading universities, associations and corporations to source highly qualified interns for employers in Asia.

Our placement service includes the following:

- Marketing of your internship offer across all relevant channels worldwide
- Screening of all incoming applications according to your criteria and metrics
- Preselection of prospective candidates and compilation of shortlist for your perusal
- Conduction of first-round telephone interviews on your behalf
- Assistance through the visa process
- Preparatory assistance for the intern

In case you have so far not employed any overseas interns, our experts can also help you in designing an appropriate internship program which makes sure that the expectations of both, the employer as well as the intern, are met.

In case you would like to discuss this opportunity further or receive testimonials from existing employers, please mail us at info@asia-interns.com or give us a call at +65-64020240.

We are looking forward to hearing from you!
